

# GREYLIGHT

GREYLIGHT Matt light grey front projection surface, fibreglass supported and black-backed. It diffuses projected light in all directions, so the image can be seen from any angle. Performs well in ambient light condition. Gain 0.8. Same base construction as Arctiq, with the same toughness against "wear & tear". Washable. Flame and mildew resistant.

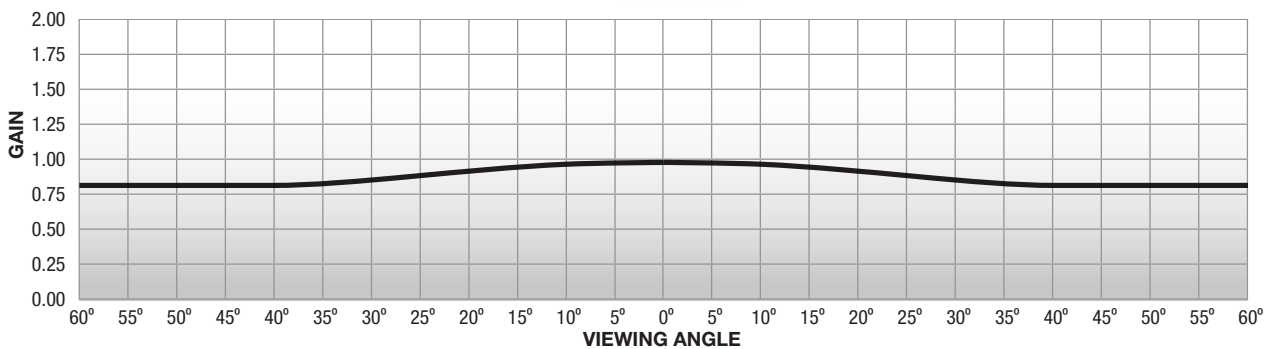

## SCREEN SURFACE

- Front projection
- Average gain 0.8
- Viewing angle 180°
- Thickness 0.37 mm
- Black borders available
